NARRATIVES

PRIMARY NARRATIVE

In summary, myself and other Forest Park units were dispatched to a call of a subject laying on the ground in the area of Elgin and Adams. As I began to make my way to the area, dispatch continued to give out information and said there were now reports of shots fired from this same area and also the possible offender was last seen headed E/B on Adams toward Harlem from Elgin. Dispatch gave out a description of the possible offender as being a male black wearing dark clothing and having a grey or silver back pack on his back.

While coming to the area, Sgt. Harrison advised he was on scene at Elgin and Adams and located a subject laying on the ground on Elgin (7209 Adams is the building the subject was on the ground in front of). Once I arrived on scene I exited my vehicle and observed the same male black subject laying on the sidewalk, unresponsive with his eyes wide open and a large amount of blood on the sidewalk which appeared to be originating from the subjects head.

As myself and Sgt. Harrison waved the fire dept. to come to the scene, an Oak Park officer, Palladenes, advised dispatch he had seen a subject matching the description of our suspect a couple minutes ago and the subject was headed eastbound on Jackson from Maple. I began to make my way over to Maple and Jackson as Ofc. Paladenes advised he turned his vehicle around to search for the subject he had seen and stated the subject had doubled back westbound from Wisconsin. Forest Park Ofc. Kendall #202 advised he saw the subject ducking down near the second house north of Jackson in the alley of the 700 block of Maple (728 S. Maple) and the subject began to flee westbound through the yard.

I set up my squad car close to Jackson in the 700 block of S. Maple as did Ofc. Arroyo #263, as Oak Park and River Forest units began to converge in the area until a perimeter was set up only moments later. Once a perimeter was set, Sgt Harrison, while also on scene, advised dispatch to try and find a K-9 dog we could use to assist with the search. While officers were holding the outer perimeter, Ofc. Kendall advised he located a grey back pack inside a

garbage can in the rear of 724 S. Maple. Wescom advised there was a page for a county K-9 officer but no ETA so Sgt. Harrison instructed myself and Ofc. Kendall to begin a "yard to yard" search. Once perimeter officers were set in front and in the alley of the 700 block of south Maple, I advised dispatch of our yard to yard search beginning with 732 S. Maple and moving north as we cleared each yard.

When we reached 720 S. Maple, I advised dispatch and we entered from the front yard and began to search the south side of the rear yard as this area had very dense bushes. As myself and Ofc. Kendall made our way toward the back of the yard, Ofc. Kendall advised there was a crawl space near a rear deck and behind a large bush and began to clear this area while I posted back-up security. I observed as Ofc. Kendall backed out of the crawl space and as he gave verbal commands "show me your hands" and advised there was a subject hiding in the crawl space. I advised dispatch of our situation and began to give verbal commands for the subject to come out with his hands up. The subject began to come out, followed commands to lay on the ground and was hand cuffed after it was clear he matched the description of the subject we were looking for.

Once the subject, now known as DORSEY, was hand cuffed, Ofc. Palladenes arrived at our location where he identified DORSEY as the same subject he had seen earlier on Jackson. Ofc. Palladenes also went to the rear of 724 S. Maple where he positively identified the back pack found in the garbage can as the same one DORSEY had been wearing when he was seen on Jackson. Once DORSEY had been searched for weapons, he was transported to the station and brought into the detective division.

After gathering ET equipment from the station, I photographed the back pack and recovered it from the garbage can in the rear of 724 S. Maple then relocated back to the Forest Park PD where the contents were photographed and will be entered into evidence.

I responded to [REDACTED] Adams in Forest Park to speak with our original 911 caller. Once I arrived, I spoke to [REDACTED] who stated she was asleep in her bed and woke up because of the heavy rain outside, and thought she heard a gun shot outside her second floor window. [REDACTED] stated she looked eastbound out the window and observed a subject laying on the sidewalk across the street (on Elgin in front of 7209 Adams). [REDACTED] said she called police 911 and began to give information as to what she heard and saw, all the while looking out the window when [REDACTED] stated she observed a tall, male black subject wearing a dark colored top and dark jeans while wearing a grey or silver back pack. [REDACTED] said the subject walked northbound on Elgin to the guy laying on the ground, bent over and appeared to remove something from him and then the subject walked northbound on Elgin.

[REDACTED] told me she continued to watch from her window and approximately 5 minutes later, [REDACTED] said she saw the same subject walking southbound on Elgin but as he got up to the guy who was laying on the ground, the male

black subject bent over and, while standing over the subject, [REDACTED] stated she saw a muzzle flash and heard a loud boom and then watched as the subject stood up and continued to walk southbound on Elgin. As [REDACTED] was giving the above information to dispatch she once again saw the male black subject walk northbound on Elgin and stop about 10 feet from the subject, look at him and then turn and begin to walk eastbound on Adams but then run eastbound on Adams toward Harlem until she could no longer see him.

After speaking to [REDACTED], I spoke to another 911 caller, [REDACTED] who lives on the 1st floor in the next building to the west and stated she was awake because of the rain storm when she heard what she thought was a gun shot, [REDACTED] said she woke her husband, [REDACTED] advised what she heard and asked him to call 911. [REDACTED] said while her husband was waking up, about 2-5 minutes had passed when she heard a second gun shot and her husband called 911 right away. [REDACTED] said due to the location of her windows she was unable to see anything or anyone but heard both gun shots.

I relocated to [REDACTED] and spoke to [REDACTED], who was listed as another 911 caller to this incident and [REDACTED] said she was in her apartment when she heard a single gun shot. Not knowing if it was actually a gun shot, [REDACTED] said she was reluctant to call 911 but did note the time as about 4:30am. [REDACTED] told me that about 5 minutes passed and she heard another gun shot which is when she called 911 to report the shots.

As I prepared to return back to the station, I was informed while on the crime scene at Elgin and Adams, Ofc. Grimes #210 was approached by three residents who informed him they also heard a single gun shot then a long pause and another gun shot. See Ofc. Grimes supplemental report for further.

I returned to the station where the photos of the back pack, the location it was recovered, and it's contents were downloaded to this report and I inventoried my field notes into evidence under this report number as well.

SUPPLEMENTAL NARRATIVE TYPE: Incident

I responded to 7209 Adams as ET Officer for a person shot in the head and now lying on the sidewalk on Elgin near Adams. The victim's head was facing south on Elgin and his feet facing north on Elgin. The victim's body was on the east side of Elgin street. Victim suffered a gunshot wound to the back of his head behind his right ear. The bullet appeared to have exited through the front left side of his mouth knocking out a tooth from the mouth. The victim shown no signs of life. FPPD#408 responded to the scene and transported the body to Oak Park Hospital.

While on scene, The victim's black visor hat, yellow lighter and black tote bag were all located near the body. A search of the tote bag resulted in a large set of bolt cutters, a crescent wrench, another tool, clear plastic tubing and a food dinner in a white styrofoam cover in a plastic bag. I was unable to locate any identification for our victim. A search of the victim's pants pockets inside the ambulance produce a brown leather wallet but still no identification for him.

I was able to locate and mark two brass shell casings in the grass next to the body. I also located and marked a copper fragment from the bullets next to the body as well. These items were photographed and uploaded to this report and the evidence section of the computer. 3 witnesses that came up to me while I was on scene, all stated they heard a single gun shot then a long pause and then another gun shot. Witnesses information was taken down and passed on to the detectives. I found an outside surveillance camera at [REDACTED] unknown at time of report if it caught anything on video. I stayed on scene until WESTAF Forensic unit arrived on scene and released the scene to them at 0710hrs. I recovered no items from the scene. I uploaded 31 digital pictures taken by the Canon SX60 to the evidence section of the computer.
